PUBLIC HEALTH COMMITTEE MEMBERS
Legislative Office Building, room _____
Hartford, CT 16106

My name is Sharonne Martin and I reside at 71 Richard St. I know people who don't have healthcare and refuse to not get treated because of their bills or in fear of messing up their credit cause they're unable to afford it and I think it's unfair.

The purpose of this letter is to ask if you can help with my efforts in supporting the Raised \$8.425 An Act Establishing a basic health program. This bill is a step in the right direction, but we will continue to move our efforts into free healthcare for everyone. This bill will help a certain portion of people who may not have healthcare.

Thank you for your time and considering my request.

Sincerely,

Name: S. Martin
